I'm human

The TCS NQT Foundation Verbal Ability section consists of 25 questions, and test-takers have a time limit of 25 minutes. Although the section seems to be easy for English-proficient individuals, it's still quite competitive. To pass this section, one needs to answer at least 10 to 12 questions correctly, as there is no negative marking involved. However, even minor mistakes can make a significant difference in the overall score. The TCS NQT Verbal Test 2025 will have a moderate level of difficulty and will consist of 25 questions that need to be answered within 75 minutes (time shared). It's essential to note that there won't be any negative marking for incorrect answers. Also, keep in mind that the exam is non-adaptive this year. In addition to the provided information, it's worth mentioning that TCS NQT Foundation Verbal Ability Questions can be found on various websites and platforms, including PrepInsta, which offers a wide range of articles and blogs related to the topic. These resources can be accessed by logging in to the website. Tech Mahindra Logical Reasoning Questions 2025 share similarities with the provided information, as they cover topics such as number series, coding, letter and symbol series, logical sequence of words, analogy, classification, pattern statements, conclusions, statements, assumptions, data sufficiency, visual reasoning, cube, cuboid, dice, directional senses, blood relations, odd man out, syllogism, arrangements, seating arrangements, coding, deductive logic, objective reasoning, selection, decision tables, attention to details, inferred meaning, and cryptography. These topics are also covered in the TCS NQT Foundation Verbal Ability section. The cube of the first number is 3 x 3 x 3 = 27. Similarly, 4 x 4 x 4 = 64. Therefore, the correct answer is 64. How to Solve Analogy and Classification Recognition questions: Question 1. What comes next in:CDEF : MNOP :: UVWX :? A. GHI; B. ABC; C. EFGH; D. DEFG. Correct Answer: C. Explanation: The gap between M and C is 10, so the correct answer is EFGH. Question 2. Antonyms – Complete the series: Hot : Cold :: Day : ?; A. Sun; B. Night; C. Light; D. Clouds. Correct Answer: B. Explanation: As hot is opposite to cold, night is opposite to day. Question 3. Synonyms – Complete the series: Polite : Courteous :: Fashion : ?; A. Expensive; B. Personality; C. Style; D. Ugly. Correct Answer: C. Explanation: Similar to polite and courteous, fashion is similar to style.
