

I'm not robot!

With ever-changing local, state and federal abatement regulations, it's important to know that your liability and exposure is being handled by the best. PAS is the leader in asbestos abatement. We employ all necessary engineering controls and equipment to fully contain hazardous equipment prior to remediation. Plus, the safest methods of removal including glove bag, ceiling scrape and Commercial / Industrial / Residential Abatement of floors, walls, ceilings, roofing, pipes and fireproofing are used to eliminate asbestos and give you peace of mind. Asbestos Abatement Lead Abatement Mold Remediation Demolition This dataset includes 900 thousand business and government entities registered with the System for Award Management (SAM), U.S. General Services Administration (GSA). Each entity applying for federal awards as a prime awardee needs a registration with SAM, which allows bidding on government contracts and applying for federal assistance. Each entity is registered with unique entity ID, legal name, dba name, company division, business address, point of contacts, business types, registration date, etc. The information contained in this company profile is compiled from third party sources, including but not limited to public records, user submissions, and other commercially available data sources.
